

Keystone Academy

Grades 1&2 and 3&4

Parent and Student Information

Thank you for inquiring about our program. As a mother and daughter teaching team who has been involved in the homeschooling community for eighteen years, we are enthusiastic about teaching homeschool children. Our program is designed to provide students with one day of in-class instruction, a complete curriculum, weekly assignment sheets, enrichment opportunities and support for you as the primary teacher. As the secondary teachers, we are here to encourage and be partners in the education of your child.

Based on a hands-on teaching approach, our program will promote a love of learning. Incorporated into the curriculum we will provide enrichment activities such as crafts, show and tell and field trips. Biblical principles will be integrated into all areas of learning.
